

## **PRETTY MAIDS – LOUDER THAN EVER: LIVE 2014**

After their highly successful "Motherland Tour" in 2013 Danish melodic hard rockers PRETTY MAIDS are now back for another swing – for the biggest part in places they haven't played last year!!!

In April/May 2014 the band will embark on yet another stint around Europe supporting their brand new album "LOUDER THAN EVER". An album consisting of new material as well as re-recorded songs from their essential back catalogue !!!.

The band these days exactly seems to be LOUDER THAN EVER, since they've been touring and playing festivals more or less constantly during the last 4 years, based on their last two successful studio albums "PANDEMONIUM" and "MOTHERLAND".

Both albums were highly acclaimed by both fans and critics and has spawned new attention and yet another growing following to this band.

Don't miss out on another punch of " DANISH DYNAMITE !!!!! "

The confirmed dates so far feature the release party for the album in Copenhagen a special show together with the mighty AEROSMITH in Horsens as well as the European run and some of the already confirmed European festivals.

More to come!!!
